Dear FCC – Proceeding #16-41,

We presently receive RFD-TV through Direct T.V. My family really enjoys the RFD-TV programming as well as staying informed on the rural, agriculture, and western sports. Without our local channels, the weather channels, and RFD TV, we would have no use for any T.V. watching at all.

Please see that RFD-TV remains available to both rural and suburban viewers as it seems to be the most informative, moral family programming we have ever viewed. **We especially enjoy the western sports programming such as the American, Timed Event Championships, the National Finals Rodeo, NRHA, etc. and all the roping programs.**

We would really appreciate it if you would do your part to keep RFD-TV available to all the public viewers.

Sincerely,

Dear Sirs (FCC),

We have been watching RFD for about 20 years, so you can see that we are elderly people. WE are 84 and 89 and cannot get out in bad weather. RFD is our only channel we watch except the local stations. We live on a farm. We live on a farm with cattle which we tend ourselves. We love gospel music and descent movies. Weather stations, farm reports, livestock reports, and market reports are a necessary part of our lives. GW reports. FFA and school are something we also support. These things gives us information when and how much fertilizer to put ou. What we need to plant for better results. This is quality time and education combined.

We have to pay for our disk satellite with Verizon and we told them we would hate to lose it. We are senior citizens and need something we like to watch. My husband is almost blind and dearly loves country music, gospel music (Gaither Hour) and all the farm and ranch reports. It helps him to pass the time.

We are farmers and ranchers.

Please do not drop us!!

Thank you,

Mr. and Mrs. Roy W. Setzer

75% of my TV watch is on
RFD. I don't think there is a
program that I don't like except
Eggs events, podiatry plural
news Ranty music is seen at
them, also most of my friends
for RFD.

We are a rural family people

I watch RFD-TV on Cox Cable

It's very important to keep RFD-TV and reconnect City and Country. It's great for our young people, for RFD-TV to cover the FFA Conventions. It is so good to be able to see the Horse and Cattle shows. We need the Agriculture news, Western Sports and Rodeos. They carry good Family entertainment which there is very little shown on other networks.

I'm a Senior citizen and very interested in all the Ag news and Information, as I am involved in Agriculture, so this is very important to me. I watch RFD-TV 90% of the time. PLEASE help Rural America to keep connected with City. Children as well as some adults, need this opportunity to see where their food comes from and the importance of rural life - the farms and ranches across our nation.

Thank you for your consideration to this important issue.

Dear FCC, Proceeding Number 16-41

We watch RDF-TV on DISH TV. Due to our rural location, we are not able to receive any TV with an antenna, nor do we have cell tower reception. Therefore, our only option to receive daily Agriculture Commodities reports, along with weather reports is through satellite TV on the RFD-TV channel.

Like any other business in the United States, we MUST keep up to date on the commodities & weather to make daily decisions for our enterprise.

The economy of the United States is based on Agriculture, plain and simple. RFD-TV is the channel which gives up to date and accurate reporting for this huge economic industry. It is of great import to keep RFD-TV on the satellite TV packages.

We watch R.F.D.T.V. all the time. Now you want to take it off the air - what's wrong with you people - to us it seems all the good programs are taken off the air. It's beginning to sound like our beautiful America is going to Communists or you are just money hungry. Now if you took Molly B. off you would have a # channel. Her program isn't worth much. Seems when you become a senior you get kicked around everywhere. Don't forget if not for seniors citizens you wouldn't be here today. R.F.D.T.V. is the best channel anywhere. So leave it alone for goodness sakes,

A senior citizen who
knows more than you.

My husband and I are small family farmers in Minnesota. We watch RFD-TV for market information, weather forecasts, and news affecting agriculture. My husband likes to watch the machinery shows. And we love the wholesome entertainment.

Dear FCC: 1641

This letter is to encourage you to get RFD-TV back on air. Thankfully I can get it and love it. Its a good clean station while so many are just plain junk -

We are of senior citizen ages and there is so little viewing for us to enjoy and TV is our only form of entertainment - So please, we beg you to give favor to RFD!

Thanks for caring

I WOULD LIKE TO ADD MY COMMENTS, ALONG WITH THE MILLIONS OF OTHERS IN SUPPORT OF RURAL INDEPENDENT PROGRAMING ON THE CABLE CHANNELS THROUGH OUT THE NATION LIKE RFD-TV. THEY ARE A VITAL SUPPORT TO NATION BY SUPPLYING THE AGRICULTURE INFORMATION...SO VITAL IN MICHIGAN AS WELL AS OTHER PRODUCING STATES. THE MAJOR NETWORKS HAVE NEGLECTED THIS SEGMENT OF THE POPULATION WHICH MAKES THE RURAL PROGRAMING BY RFD-TV IN SOME CASES THE ONLY SOURCE OF THIS VITAL INFORMATION FOR AGCULTURE INTERESTS. ALSO THE MUSIC OF TRADITIONAL AND AMERICAN VALUES IS CONSISTANTLY PART OF THEIR PROGRAM SCHEDULE...PROVIDING THE YOUNGER GENERATION WITH MANY OF THE TRATITIONS THAT MAKE THE UNITED STATES UNIQUE AND GRATE. LARGE FCC LICENSED CABLE COMPANYS ARE GREATLY MISTAKEN THAT RURAL PROGRAMS ARE NOT VITAL TO A VIBRENT ECONOMY THAT MAKES AMERICA STRONG
